**Subject:** AYSO for next weeks meeting

Lori and Mark,

Eric Johnson called today. He is planning on coming to the meeting next week to request funds for the soccer program. He has soccer until 6:30 and is planning on being there asap after they finish, if you could squeeze him in when he gets there he'd appreciate it. I can't remember what's in the youth and agency budget line item, but its there for them if you guys decide to give them some again this year.
