Subject: Pratt Northam funding

Good morning, Kim. I spoke with Shari Simmons yesterday but wanted to be sure to notify you as well that the Pratt Northam Foundation has agreed to fund the Village of Copenhagen's request for \$10,000 to construct a pavilion on village property.

The board was pleased to receive the application from the village.

I will be in touch with a formal letter and will notify you when the check is ready.

Thank you and congratulations! This is a wonderful community project!

Sarah
