

29 September 2022

Ms. Wheeler,

I am submitting this check only under the duress of the threat of levy, I remain in question of the legitimacy of the readings as stated to you on 1 September 2022. This issue has also been known by DPW since on or about 10 February 2022.

It is not adequate that the only way to settle a grievance is to appear before the village board on a single evening per month, the 21<sup>st</sup> ended up being a conflict for my schedule. I am providing you this letter in duplicate with the intent it be distributed to the village board. I would recommend the establishment of a realistic grievance process (online complaint, a written form, an operating procedure to appear by letter, etc.) be established for the Village of Copenhagen.

Respectfully,

Derrick J. Jablonski
