RE: Endorsement Letter, Woodbattle Road WTP Rehabilitation
DWSRF Project 18825 PWS #2402361

Dear Supplier of Water:

At the request of your engineering firm, we are writing to endorse the above referenced project as outlined in the May 2020 Preliminary Engineering Report (PER).

Use of the Woodbattle wells as an alternate source provides a feasible alternative for the Village to address water quantity issues for its users and the T. Denmark WD1.

Engineered plans for the improvements, to include a study to rectify aesthetic concerns with the Woodbattle sources, are anticipated to be received in the near future.

Please contact the writer at (315) 785-2277 if you have any questions.

Sincerely,

Claude A. Curley, P.E.
District Engineer

ecc: Brandon Cooney, District Director
Michael Tracy, P.E., Professional Engineer 1
Will Grady, P.E. – BWSP
Erin Ingles, P.E., CNY Regional Office
