Re: Village of Copenhagen WWTF Disinfection and System Improvements.  
Contract No. 1A-General Construction  
XWO # 01; Additional Cost for Rock Excavation.

Taylor,

As you are aware, the soil borings provided by the subsurface report were inaccurate. The boring log indicated auger refusal at 6' deep. With this information provided at bid time, and the foundation no deeper than 6', no rock excavation was included in our bid.

Solid rock was encountered within the proposed building foundation at an average depth of 2 feet. We were directed time and material to remove the bed rock as necessary to install the foundation.

When we uncovered the existing 8" effluent out of the existing plant for installation of manhole 1A, we discovered the existing pipe to be 2.5' deeper than was indicated on the as built drawings. The consequence of this elevation error was the manholes and pipeline had to be installed deeper than originally designed, which resulted in more rock excavation for both manholes and pipeline.

Lastly, we have been subcontracted by the electrical contractor on this project to dig and install their duct bank. Rock was also encountered at the proposed building as indicated above. We performed this work time and material, and instead of billing the electrical contractor which would result in them marking it up and sending it to you as additional cost, we have included that here.

Below is the total cost for rock excavation at the foundation, manholes, pipeline, and electrical duct bank. The total below also includes a credit for the foundation excavation that was not performed due to the rock encountered. Attached is a breakdown of costs per day.

Building rock excavation:	\$14,870.92
Credit for balance of foundation excavation:	(-) \$3,667.38
<b>Total additional cost for rock excavation at proposed building:</b>	<b>\$11,203.54</b>
<b>Manhole and pipeline rock excavation:</b>	<b>\$3,496.14</b>
<b>Duct bank rock excavation:</b>	<b>\$696.47</b>
<b>Total additional cost for rock excavation on the project:</b>	<b>\$15,396.15</b>

Mark,

I would like you & the Board to take remedial action on the matter as indicated in my enclosed letter I wrote in the Watacom times, make this an action item.

I need to see some action with the Village in enforcing the Property maintenance Law. I realize that the village have Mr. Terry McKeever on a retainer to cite the violators. Has he issued any citations? and if so, I have not seen any remedial action taken by the violators. Case in Point. My neighbor Joel Dovesnes rear lot (app. 1/2 acre) it is getting worse. All of his unlicensed vehicle & derelict junk, i.e. Large log skidder. There is no valid reason for this and other derelict items to be in the Village. The log skidder ~~now~~ needs to be on the job site in the woods providing it is mechanical functional. I was informed by Kim Vogt that Mr. McKeever cannot go on violators property to cite the perpetrator perpetrators. If this is

then there is no need for Mr. McKeever being on the payroll. If nothing or any action is taken to correct the situation. When spring comes I will write a letter to Watacom time on this situation.

Sincerely,  
Joel Dovesnes

Wed. LETTERS FROM THE PEOPLE Dec. 20  
2023

**Copenhagen business owners should qualify to vote**

Prior to this year's village meeting in Copenhagen, N.Y., a discussion was held by a few village tax paying residents on the subject of eligibility to vote in the village elections.

The main topic concerns Business Owners/Operators who do not reside within the village, thus cannot vote. There are six businesses on Main and High Street, Route 12. None of the mentioned tax payers can vote in village

elections since they reside outside of the village limits. All of the businesses are owned by long term residents within the Town of Denmark, and are paying more village taxes than most of the residential properties. The business owners are embedded within the village, yet cannot vote on the welfare and the day to day welfare of the village. This is a travesty of justice due to taxation without representation.

But we do have a situation where renters, transients and indigents who do not own and pay no property taxes and are not concerned with long term welfare of the village can vote. The village board needs to amend the village law to correct this asinine situation.

Sincerely,

**John H. Drewes**

### Local Governments

Rec'd 11-11-2016  
John Brown

#### Bill of rights for local governments.

Section 1. Effective local self-government and intergovernmental cooperation are purposes of the people of the state. In furtherance thereof, local governments shall have the following rights, powers, privileges and immunities in addition to those granted by other provisions of this constitution:

- (a) Every local government, except a county wholly included within a city, shall have a legislative body elective by the people thereof. Every local government shall have power to adopt local laws as provided by this article.
- (b) All officers of every local government whose election or appointment is not provided for by this constitution shall be elected by the people of the local government, or of some division thereof, or appointed by such officers of the local government as may be provided by law.
- (c) Local governments shall have power to agree, as authorized by act of the legislature, with the federal government, a state or one or more other governments within or without the state, to provide cooperatively, jointly or by contract any facility, service, activity or undertaking which each participating local government has the power to provide separately. Each such local government shall have power to apportion its share of the cost thereof upon such portion of its area as may be authorized by act of the legislature.
- (d) No local government or any part of the territory thereof shall be annexed to another until the people, if any, of the territory proposed to be annexed shall have consented thereto by majority vote on a referendum and until the governing board of each local government, the area of which is affected, shall have consented thereto upon the basis of a determination that the annexation is in the over-all public interest. The consent of the governing board of a county shall be required only where a boundary of the county is affected. On or before July first, nineteen hundred sixty-four, the legislature shall provide, where such consent of a governing board is not granted, for adjudication and determination, on the law and the facts, in a proceeding initiated in the supreme court, of the issue of whether the annexation is in the over-all public interest.
- (e) Local governments shall have power to take by eminent domain private property within their boundaries for public use together with excess land or property but no more than is sufficient to provide for appropriate disposition or use of land or property which abuts on that necessary for such public use, and to sell or lease that not devoted to such use. The legislature may authorize and regulate the exercise of the power of eminent domain and excess condemnation by a local government outside its boundaries.
- (f) No local government shall be prohibited by the legislature<sup>(1)</sup> from making a fair return on the value of the property used and useful in its operation of a gas, electric or water public utility service, over and above costs of operation and maintenance and necessary and proper reserves, in addition to an amount equivalent to taxes which such service, if privately owned, would pay to such local government, or (2) from using such profits for payment of refunds to consumers or for any other lawful purpose.

majority of such membership, or (b) except in the case of the city of New York, on certificate of necessity from the governor reciting facts which in the judgment of the governor constitute an emergency requiring enactment of such law and, in such latter case, with the concurrence of two-thirds of the members elected to each house of the legislature.

- (3) Shall have the power to confer on local governments powers not relating to their property, affairs or government including but not limited to those of local legislation and administration, in addition to those otherwise granted by or pursuant to this article, and to withdraw or restrict such additional powers.

  - (1) The powers, duties, qualifications, number, mode of selection and removal, terms of office, compensation, hours of work, protection, welfare and safety of its officers and employees, except that cities and towns shall not have such power with respect to members of the legislative body of the county in their capacities as county officers.
  - (2) In the case of a city, town or village, the membership and composition of its legislative body.
  - (3) The transaction of its business.
  - (4) The incurring of its obligations, except that local laws relating to financing by the issuance of evidences of indebtedness by such local government shall be consistent with laws enacted by the legislature.
  - (5) The presentation, ascertainment and discharge of claims against it.

  - (7) The acquisition of its transit facilities and the ownership and operation thereof.
  - (8) The levy, collection and administration of local taxes authorized by the legislature and of assessments for local improvements, consistent with laws enacted by the legislature.
  - (9) The wages or salaries, the hours of work or labor, and the protection, welfare and safety of persons employed by any contractor or sub-contractor performing work, labor or services for it.
  - (10) The government, protection, order, conduct, safety, health and well-being of persons or property therein.

**THE VILLAGE OF COPENHAGEN BOARD OF TRUSTEES  
MEETING MINUTES**

(d) Except in the case of a transfer of functions under an alternative form of county government, a local government shall not have power to adopt local laws which impair the powers of any other local government.

(e) The rights and powers of local governments specified in this section insofar as applicable to any county within the city of New York shall be vested in such city. (Amended by vote of the people November 6, 2001.)

**Existing laws to remain applicable; construction; definitions.**

§3. (a) Except as expressly provided, nothing in this article shall restrict or impair any power of the legislature in relation to:

(1) The maintenance, support or administration of the public school system, as required or provided by article XI of this constitution, or any retirement system pertaining to such public school system,

(2) The courts as required or provided by article VI of this constitution, and

(3) Matters other than the property, affairs or government of a local government.

(3) "People." Persons entitled to vote as provided in section one of article two of this constitution.

(4) "Special law." A law which in terms and in effect applies to one or more, but not all, counties, counties other than those wholly included within a city, cities, towns or villages.

MARK,

I WOULD LIKE YOU & THE BOARD TO TAKE REMEDIAL ACTIONS ON THE MATTER AS INDICATED IN MY ENCLOSED LETTER I WROTE IN THE WATERTOWN TIMES, MAKE THIS AN ACTION ITEM.

I NEED TO SEE SOME ACTION WITH THE VILLAGE IN ENFORCING THE PROPERTY MAINTENANCE LAW. I REALIZE THAT VILLAGE HAVE MR. TERRY McKEEVER ON A RETAINER TO CITE THE VIOLATORS. HAS HE ISSUED ANY CITATIONS? AND IF SO, I HAVE NOT SEEN ANY REMEDIAL ACTION TAKEN BY THE VIOLATORS. CASE IN POINT. MY NEIGHBOR JOE DEVEINES REAR LOT (UNREADABLE SECTION) IT IS GETTING WORSE ALL OF HIS UNLICENSED VEHICLE & DERELICT JUNK, I.E. LARGE LOG SKIDDER. THERE IS NO VALID REASON FOR THIS AND OTHER DERELICT ITEMS TO BE IN THE VILLAGE. THE LOG SKIDDER NEEDS TO BE ON THE JOB SITE IN THE WOODS PROVIDING IT IS MECHANICAL FUNCTIONAL. I WAS INFORMED BY KIM VOGT THAT MR. McKEEVER CANNOT GO ON VIOLATORS PROPERTY TO (UNREADABLE) THE PERPETRATORS PERPETRATORS. IF THIS IS THEN THERE IS NO NEED FOR MR. McKEEVER BEING ON THE PAYROLL. IF NOTHING OR ANY ACTION IS TAKEN TO CORRECT THE SITUATION. WHEN SPRING COMES I WILL WRITE A LETTER TO WATERTOWN TIMES ON THIS SITUATION.

SINCERELY,  
JOHN H. DREWES

**THE VILLAGE OF COPENHAGEN BOARD OF TRUSTEES  
MEETING MINUTES**

THE BOARD HAD A DISCUSSION TO CLARIFY MR. DREWES CLAIMS. THE VILLAGES PROPERTY MAINTENANCE OFFICER CAN NOT GO ON PROPERTIES UNLESS THE VIOLATION IS IN SIGHT OF SAID OFFICER. THAT BEING SAID, TALKING IN DEPTH ABOUT MENTIONED NEIGHBOR, MR. McKEEVER IS WELL AWARE OF VIOLATIONS. PROPERTY THAT SAID NEIGHBOR LIVES ON IS NOT IN NEIGHBORS NAME THEREFORE MR. McKEEVER IS NOT DEALING WITH SAID NEIGHBOR AT ALL, BUT WITH THE OWNER OF PROPERTY, WHOM OF WHICH IS AN ABSENTEE OWNER. THERE IS AN ABSOLUTE PROCEDURE THAT MR. McKEEVER WILL FOLLOW, AND WILL NOT STRAY FROM.

REGARDING ATTACHMENTS TO MR. DREWES LETTER ON VILLAGE BUSINESS OWNERS VOTING IN THE VILLAGE, IF BUSINESS OWNERS WOULD LIKE TO VOTE ON VILLAGE MATTERS THEY MUST CHANGE THEIR RESIDENCY TO THEIR BUSINESS. THAT IS THE ONLY WAY THEY MAY VOTE. THE VILLAGE CAN NOT CHANGE OR WRITE A LAW CHANGING THAT OTHERWISE, IT IS IN THE NEW YORK STATE CONSTITUTION.

NEW YORK STATE CONSTITUTION  
SECTION II

ADDITION, YOU MUST BE RESIDENT OF THE STATE, COUNTY, TOWN, VILLAGE FOR AT LEAST 30 DAYS. NOT CLAIM TO VOTE ANYWHERE ELSE.

The New York Election Law defines "residence" as "that place where a person maintains a fixed, permanent and principal home and to which he, wherever temporarily located, always intends to return." N.Y. Election Law §§ 5-102 and 1-104(22). The word "permanent" requires only physical presence and an intention to remain for the time at least. *See Palla v. Suffolk County Board of Elections*, 31 N.Y.2d 36, 37 (N.Y. 1972).

The key case from New York State's highest court regarding second-home owners' voting rights is *Ferguson v. McNab*, 60 N.Y.2d 598 (N.Y. 1983), which held that a person having two residences "may choose one to which she has legitimate, significant and continuing attachments as her residence for purposes of the Election Law." SECOND LOCATION WOULD BENEFIT TO BE AT THE INTERSECTION OF RT 12 & MECHANIC, A MAIN CONCERN IS CHILDREN CROSSING; IT WOULD HELP AS A DETERRENT, AND KEEP CHILDREN SAFE.

**WINDSTREAM**

MAYOR SOUVA IS STILL IN CONTACT WITH SENATORIAL STAFF, ON HAVING FALSE CHARGES DROPPED FROM PAST & CURRENT WINDSTREAM BILLS. THE VILLAGE HAS PORTED BOTH ALARM SYSTEM PHONE LINES FROM WINDSTREAM, BUT THEY ARE EVEN STILL CHARGING \$800 OVER THE NORMAL USAGE, BUT WILL NOT STOP SENDING A BILL EACH MONTH WITH A NEW CHARGE.

MEETING MINUTES**

**Model Resolution**

Any city, town, village, or county government in New York State can take a stand by adopting the Climate Smart Communities pledge. Local governments may amend the preamble of the pledge below, but all ten points of the pledge must be adopted verbatim by the highest body of elected officials (e.g., town board or city council). The final resolution document must include a signature from the municipal clerk verifying the authenticity of the resolution and indicating the date of passage. Local governments should then designate a primary contact person to complete the online registration form and upload the resolution by following the steps at <https://climatesmart.ny.gov/actions-certification/getting-started/>. After the registration is reviewed, the community will be designated a Registered Climate Smart Community and be added to the online list. Join us!

WHEREAS, the Town/Village/City/County of \_\_\_\_\_ (hereinafter “local government”) believes that climate change poses a real and increasing threat to our local and global environments and is primarily due to the burning of fossil fuels; and

WHEREAS, the effects of climate change will endanger our infrastructure, economy and livelihoods; harm our farms, orchards, and ecological communities, including native fish and wildlife populations; spread invasive species and exotic diseases; reduce drinking water supplies and recreational opportunities; and pose health threats to our citizens; and

WHEREAS, we believe that our response to climate change provides us with an unprecedented opportunity to save money, and to build livable, energy-independent and secure communities, vibrant innovation economies, healthy and safe schools, and resilient infrastructures; and

WHEREAS, we believe the scale of greenhouse gas (GHG) emissions reductions required for climate stabilization will require sustained and substantial efforts; and

WHEREAS, we believe that even if emissions were dramatically reduced today, communities would still be required to adapt to the effects of climate change for decades to come,

IT IS HEREBY RESOLVED that Town/Village/City/County of \_\_\_\_\_, in order to reduce greenhouse gas emissions and adapt to a changing climate, adopts the New York State Climate Smart Communities pledge, which comprises the following ten elements:
