MEETING MINUTES
DECEMBER 11, 2024

RIVER AREA COUNCIL OF GOVERNMENTS

December 2024

MUNICIPAL MANAGEMENT MONTHLY ANNOUNCEMENTS

RACOG UPDATES

- **RACOG Economic Visioning Summit**

We are leaning toward May 1, 2025 for the summit. Currently, we have about three quarters of the program put together.

- **Local Government Student Activity**

Other BOCES have expressed interest in duplicating this program. We are putting them in touch with Jeff Ginger at Jefferson Lewis BOCES.

- **Student Board**

We had four youth take part in our first student board meeting on November 26, 2024. It was a good first meeting with a lot of insight from them. They will either be presenting at the Economic Visioning Summit or at the RACOG board meeting in May.

- **Websites**

Brian Phelps will be doing a website training at the town of Denmark for any municipalities interested on December 10, 2024 at 10:00am.

- **Water/Wastewater Operator Training**

I will be on a conference all on December 6th with BOCES and DEC about the wastewater certification program. BOCES is looking at putting together an adult continuing education program and a future student program. The water certification is still on the table and that is the next certification BOCES is looking into.

- **OSHA Fire Brigade Proposal**

RACOG approved at their last board meeting, to send a letter in opposition to the new OSHA proposal that could affect volunteer fire departments negatively.

- **Comprehensive Plans**

The following towns and villages are currently updating their comprehensive plans. The towns of Denmark, Wilna, and village of Carthage, Castorland, Copenhagen, and Deferiet.

UPCOMING

Next RACOG Meeting

January 23, 2025 @ 6:00 PM
Town of Wilna Municipal Building

B&L
SEWER PROJECT
SC SPENCER PAY #3

November 20, 2024

Mr. Mark Souva, Mayor
and Village Board
Village of Copenhagen
9915 State Route 12
Copenhagen, NY 13626

Re: WWTF Disinfection and System Improvements
Contract No. 1B – Electrical Construction

Subj: Third and Final Payment

File: 2110.001.001

Dear Mayor Souva and Village Board Members:

Enclosed please find one (1) copy of Payment Request No. 3 for the above-referenced project for work done through November 19, 2024. The total amount of contract work and materials stored through the third and final payment estimate is \$60,643.06. The amount previously certified for the first and second payment applications is \$56,002.50. As this is the final payment, no retainage has been withheld. Therefore, the total amount due to the contractor for the third and final payment is \$4,640.56.

At this time, we recommend that the Village approve and process the third payment for this Contract in the amount of \$4,640.56 to S.C. Spencer Electric, Inc.

Very truly yours,

BARTON & LOGUIDICE, D.P.C.

A handwritten signature in black ink, appearing to read "Taylor J. Jennings".

Re: Drinking Water State Revolving Fund
Bipartisan Infrastructure Law General Supplemental Funds
DWSRF Project No. 18825
Interconnection with Carthage/W. Carthage, Upgrade to Water Treatment Plant
Village of Copenhagen, Lewis County

Dear Mayor Souva:

The NYS Department of Health (DOH) has completed an evaluation for Federal Fiscal Year (FFY) 2024 Bipartisan Infrastructure Law General Supplemental (BIL-GS) and FFY 2025 Base Drinking Water State Revolving Fund (DWSRF) Hardship funding for the project referenced above. I am pleased to inform you that this project is eligible for a BIL-GS grant award of up to \$3,724,410, a Base DWSRF grant of up to \$660,600, and BIL-GS interest free financing of \$1,879,290.

This letter supersedes the BIL-GS award letter dated November 22, 2024. The Base DWSRF grant will replace the New York State Water Infrastructure Improvement Act (WIIA) grant of \$660,600 that was previously awarded for this project on April 25, 2022, and which is no longer available for this project.

This funding determination is based on the criteria as described in the Federal Fiscal Year 2025 DWSRF Intended Use Plan (IUP).

Please note the following with regard to this funding determination:

- This funding award remains in effect through September 30, 2026, by which time a Project Finance Agreement (PFA) must be executed with the New York State Environmental Facilities Corporation (EFC).
- All projects that receive DWSRF/BIL-GS funding must meet certain programmatic requirements including, but not limited to:
 - Davis Bacon Federal Prevailing Wage rates
 - American Iron and Steel
 - Minority and Women-owned Business Enterprises (MWBE) /Equal Employment Opportunities (EEO)/ Disadvantaged Business Enterprises (DBE) participation
 - Architectural/engineering (A/E) procurement: Municipalities requesting to fund costs for A/E services must procure those services in accordance with federal requirements (provisions of 40 U.S.C. 1101 et seq) and will be required to execute an EFC Certification for A/E services procurement (see attached). The certification must be signed by an authorized representative of the municipality. The A/E procurement requirements apply to all projects receiving DWSRF/BIL assistance.

THE VILLAGE OF COPENHAGEN BOARD OF TRUSTEES
MEETING MINUTES
DECEMBER 11, 2024

This DWSRF/BIL funding award letter is not a formal commitment by DOH & EFC to provide financial assistance. Such a commitment will be reflected in the PFA once executed by EFC and the applicant community. DOH & EFC may deny or otherwise adjust the financial assistance for your project if the project scope or total eligible project cost changes or based upon our review of the complete DWSRF financing application. In addition, financial assistance for your project may only be provided after receiving formal approvals from the EFC Board of Directors and the New York State Public Authorities Control Board.

Please confirm your acceptance of the funding award and intent to proceed with this project by completing and signing the enclosed form and returning it to design@health.ny.gov no later than **January 17, 2025**. Without your confirmation, we may bypass your project and award these funds to another community.

Our team along with staff at EFC will continue to assist you and your representatives through the financing process. We look forward to working with you on this important public health infrastructure project to ensure that your community has a safe, affordable, and sustainable drinking water system. Please contact me at david.phillips@health.ny.gov with any questions.

Sincerely,

David S. Phillips, P.E.
Chief, Design Section and
DWSRF Program Manager

ACKNOWLEDGEMENT AND ACCEPTANCE OF BIL-GS FUNDING AWARD

Please confirm your community's acceptance of the BIL-GS funding and intent to proceed with this project by signing below. Please return the completed form and attachments listed below to design@health.ny.gov no later than January 17, 2025.

Also please provide information on any BANs related to the project.

ACKNOWLEDGMENT BY THE AWARDEE:

DWSRF Project No. 18825
Interconnection with Carthage/W. Carthage, Upgrade to Water Treatment Plant
Village of Copenhagen, Lewis County

The Awardee intends to proceed with this project and accepts the BIL-GS funding award.

ARCHITECTURAL/ENGINEERING SERVICES PROCUREMENT FOR STATE REVOLVING FUND ("SRF") AND SEWER OVERFLOW AND STORMWATER REUSE MUNICIPAL GRANT ("OSG") FUNDED PROJECTS

Municipalities requesting financing for A/E services must procure A/E services in accordance with certain qualifications-based requirements. This guidance document describes the types of services that are considered A/E services and how these A/E services must be procured.

Please Note: This guidance document applies to **all SRF projects** funded by the Environmental Facilities Corporation ("EFC") and all projects receiving OSG grants.

What types of services are covered A/E services?

Contracts for program management, construction management, feasibility studies, preliminary engineering, design, engineering, surveying, mapping, or A/E services as defined in 40 U.S.C. 1102(2)(A-C):

(A) professional services of an architectural or engineering nature, as defined by state law, if applicable, that are required to be performed or approved by a person licensed, registered, or certified to provide the services described in this paragraph;

(B) professional services of an architectural or engineering nature performed by contract that are associated with research, planning, development, design, construction, alteration, or repair of real property; and

(C) other professional services of an architectural or engineering nature, or incidental services, which members of the architectural and engineering professions (and individuals in their employ) may logically or justifiably perform, including studies, investigations, surveying and mapping, tests, evaluations, consultations, comprehensive planning, program management, conceptual designs, plans and specifications, value engineering, construction phase services, soils engineering, drawing reviews, preparation of operating and maintenance manuals, and other related services.

How must A/E services be procured?

Municipalities must procure A/E services pursuant to the provisions of 40 U.S.C. 1101 *et seq.* In general, these require:

- (i) Public announcement of the solicitation (e.g., a Request for Qualifications);
- (ii) Evaluation and ranking of the submitted qualifications statements based on established, publicly available criteria (e.g., identified in the solicitation). Evaluation criteria should be based on demonstrated competence and qualification for the type of professional services required (e.g., past performance, specialized experience, and technical competence in the type of work required);
- (iii) Discussion with at least three firms to consider anticipated concepts and compare alternative methods for furnishing services;

**THE VILLAGE OF COPENHAGEN BOARD OF TRUSTEES
MEETING MINUTES
DECEMBER 11, 2024**

- (iv) Selection of at least three firms considered to be the most highly qualified to provide the required services; and
- (v) Contract negotiation with the most highly qualified firm to determine compensation that is fair and reasonable based on a clear understanding of the project scope, complexity, professional nature, and the estimated value of the services to be rendered. In the event that a contract cannot be negotiated with the most highly qualified firm, negotiation continues in order of qualification.

How does the municipality show compliance with the federal A/E procurement requirements?

Municipalities will be required to execute an EFC Certification for Architectural/Engineering Services Procurement for SRF/OSG Funded Projects in the form attached to this guidance ("Certification"). The Certification must be signed by an authorized representative of the municipality. It cannot be signed by a hired contractor or consultant. A separate form must be submitted for each subject architectural or engineering agreement.

What if the municipality does not generate interest from at least three firms?

A procurement of A/E services shall be considered in compliance even when the municipality does not generate three responses so long as the municipality made a good faith effort to publicly advertise and directly solicit participation.

What A/E documentation does a municipality need to keep?

The Certification and documentation evidencing completion of the procurement steps outlined above are required to be kept on file by the municipality and be made available for inspection upon EFC's request. These documents must be kept for the term of the EFC financing plus 6 years.

Are contract amendments subject to federal A/E procurement requirements?

Significant contractual amendments are subject to this requirement. Significant contractual amendments are amendments to existing contracts that have a value greater than \$100,000 AND introduce a new scope of work or task.

Annual Software Support Contract

Enclosed is an invoice renewing your Software Support coverage for the following program(s)

Accounting Software
(12/1/24 through 11/30/25)

This agreement is between Williamson Law Book Company (WLB) and Village of Copenhagen (customer) and will provide annual software support and maintenance as described herein.

Williamson Law Book Company agrees to provide the customer with:

- Support to assist with the above-named software program(s). Support will be provided by internet, phone or fax during normal business hours.
- Notice of all program enhancements and their benefits.
- All state mandated changes at no extra charge.

The customer agrees to:

- Maintain hardware in proper working condition.
- Make continued efforts to work with and properly use WLB software.
- Train new personnel in the event of employee turnover. (Additional training may be purchased from WLB)

Charges for this Software Support shall be \$1805.00 as specified on the enclosed invoice.

*****Please sign and return one copy of this contract with your payment*****

Thank you,

Williamson Law Book Company
