RACOG UPDATES

- **RACOG Transportation Survey**

The RACOG Transportation Initiative plan was recently sent out to the RACOG board members. If there are any changes, please send them to Chris Barboza or Mickey Dietrich.

- **Websites**

I am looking to put together a website training for those who have their websites through RACOG. I am also looking at having a second part of this training that would be open to anyone to learn more about the ADA Compliance deadline for website.

- **LED Lighting**

For those municipalities that went through the NYPA program, the LGEG grant funds were disbursed to West Carthage as lead applicant. They will be sending the funds out to the individual municipalities.

- **COG Survey**

April Roggio with the University of Albany is looking at some possible funding projects that might be able to help municipalities. She also is willing to meet with anyone who needs help with the COG surveys.

- **Local Government Student Activity**

The Civic Service Student Activity Program (CSSAP) will be starting for the school year 2024-25. Students have until October 1, 2024 to sign up.

- **Water/Wastewater Operator Training**

This program is still being finalized, more details to come. Hope to get more information here in August on what is happening with this program.

- **Associate Circuit Rider**

Paul Shepard, the previous Fort Drum intern, was approved to contract with for the Associate Circuit Rider duties. It will be done on a meeting to meeting contract.

(C) Review construction contracts, bid-letting procedures, and surety and contractual bonds in connection therewith;

(D) Prepare, negotiate, and review any contract with another Village, Town or other source of water supply when necessary;

(E) Prepare, where necessary, and review deeds, easements and other rights-of-way documents and other instruments for sites for source of water supply, pumping stations, treatment plants, and other facilities necessary to the service area, provide continuous rights-of-way therefore, render title opinions with reference thereto, and provide for the recordation thereof;

(F) Assist in obtaining necessary permits and certificates from county and municipal bodies, State regulatory agencies, and from other public or private sources with respect to the approval of the service area, the construction and operation thereof, pipeline crossings, and the like; and

(G) Cooperate with the engineer employed by the Village in connection with preparation of tract sheets, easements, and other necessary title documents, construction contracts, water supply contracts, health permits, crossing permits, and other such instruments.

Section 3. Professional Fees and Expenses. The Village shall pay to the Attorney for professional services rendered hereunder the following fees: \$225.00 per hour with a \$3,000.00 maximum. Reimbursement of expenses shall be made by the Village for reasonable out-of-pocket expenses including, but not limited to, photocopying, postage, court costs, and travel costs incurred by the Attorney in the performance of the duties hereunder. Said fees and expenses shall be payable monthly as billed.

Section 4. Construction and Amendments. This Agreement shall be governed and construed in accordance with the laws of the State of New York. This Agreement may be amended only by a writing duly entered into by the Village and the Attorney.

IN WITNESS WHEREOF, the Village and the Attorney have executed this Agreement as of the date first written above.

RE: Bond Counsel – Copenhagen (V) 6036-02-00
KWB File # 46448.0000

Dear Mayor Souva and Village Board Members

Kendall Harrienger and Burrows is pleased to assist the Village in providing general obligation bond counsel services to the Village of Copenhagen, acting as bond counsel. This letter will set forth a summary of the services which we would expect to provide and an estimate of the proposed fees that we would charge to the Village for such services.

Experience

We have acted as bond counsel for several municipalities and local school districts.

Services

As bond counsel to the Village, Kendall, Harrienger & Burrows would act as a recognized independent counsel with respect to the authorization of the obligations being issued, and undertake all legal services associated with that responsibility. In particular, we would draft or review all resolutions to be adopted by the Village Board to authorize the bond and/or noted to be issued, and all associated legal notices and certificates. We would work closely with the Village in structuring the financing, provide counsel regarding municipal finance questions raised in connection with a project and advise the Village as to alternatives available under any particular scenario.

For each bond anticipation note issue (other than a short-term loan from the Environmental Facilities Corporation (the "EFC"), we would prepare or review, as appropriate, the Notice of Sale, if any, for the financing' and if an Official Statement is published for such transaction, would

assist in the preparation of such document by reviewing those sections describing the notes, the project being financed, and the legality and tax exempt status of the notes. For the closing on the notes, we would prepare all of the necessary documentation, including the certificate of determination or authorizing resolution, as appropriate, the note, the arbitrage and tax certificates, the material events disclosure agreement, if required, and all other certificates and documents customarily provided in this type of transaction. We would also file the necessary information return with the Internal Revenue Service. Finally, we would render our approving opinions regarding the validity, enforceability, and tax-exempt status of the notes.

For each bond anticipation note or bond financing undertaking through the EFC, we will review and comment on all of the EFC loan documents, participate in conference calls with EFC personnel, prepare all additional documents that may be necessary and will arrange for delivery of the bonds or BANS, as applicable, to EFC, OR ITS DESIGNEE. If applicable, we will complete or review, as appropriate, the tax questionnaire provided by EFC for the financing and will address any tax issues that may be posed by EFC and its counsel. We will also calculate any minimum required annual payments to be made on a short-term financing prior to the closing of a long-term financing.

For each serial bond or statutory installment bond transaction (other than through the United States Department of Agriculture, Office of Rural Development ("RD")), we expect to be primarily responsible for the preparation of the notice of sale for the bond issue. We would also assist the Village in the preparation of any official statement financed, and the legality and tax-exempt status of the bonds. For the closing on the bond issue, we would prepare all the documentation customarily entered into for this type of transaction, including the certificate of determination; the form of bond, the tax and arbitrage certificates, the continuing disclosure agreement, if required, and all other certificates and documents to be entered into in connection with the financing. If the bond issue is to be insured by a municipal bond issuance policy, we would review the documents provided by the bond insurer, including the policy, closing certificates and legal opinion. We would also conduct the closing on the bonds and arrange for the delivery of the bonds to the purchaser (or if the bonds are in book entry form, to the depository for the bonds) and file the necessary information return with the Internal Revenue Service. Finally, we would render their approving bond counsel opinions regarding the validity, enforceability and tax-exempt status of the bond.

In connection with any bond financing undertaken through RD, in addition to the services described above with respect to statutory installment bonds, we would prepare all other necessary closing documents required in accordance with RD's policies and requirements.

Please note that in connection with each bond and note transaction, we do not anticipate being primarily responsible for the preparation of either the official statement (or other disclosure document) or any debt statement prepared and filed in accordance with New York Law. It is our assumption that these documents will be prepared either by the Village or by its fiscal advisor, if any, as is customarily the case. We will, however, review these documents and comment, as necessary, to ensure that the Village has complied with all applicable disclosure and filing requirements in connection with the bond issue.

Fees and Charges

Set forth below is the proposed schedule for fees that we would charge the Village for bond counsel services.

Bond Anticipation Notes: For each original issue bond anticipation note issue, we counsel would charge a fee not to exceed \$750 plus \$.40 per thousand dollars for note issued. For each renewal bond anticipation note issue, we counsel would charge a fee not to exceed \$600 plus \$.40 per thousand dollars for note issued, plus out-of-pocket reimbursements.

For EFC Short Term Loan: For the short-term financing through EFC, we would charge a fee of \$2,800, plus disbursements.

RD Loan: For a long-term bond issue through RD, we estimate a fee not to exceed \$2,800.

Serial Bonds (competitive bid): For a serial bond issue, we estimate a fee not to exceed \$3,500 plus \$.80 per thousand dollars of bond issued, plus hourly fees as described below and out-of-pocket disbursements, subject to a negotiated maximum fee, if desired by the Village.

Statutory Installment Bond: For a statutory installment bond of \$5 million or less, we would charge a fee not to exceed \$1,500 plus \$.80 per thousand dollars of bonds issued plus disbursements, subject to a negotiated maximum fee, if desired by the Village.

For EFC Long Term Loan: For the long-term bond issue through EFC (including any hardship assistance grants), we would charge a fee of \$5,000 plus \$.80 per thousand dollars of bonds issued, plus disbursements, subject to a negotiated maximum fee, if desired by the Village.

Refunding Bonds: For each refunding bond issue, our fee will be as specifically agreed upon with the Village at the time of the refunding.

Bond Resolutions: Fees for preparation of bond resolutions will be \$500 for preparation of each resolution, provided that with the Village's approval, additional fees may be charged in the event that a particular resolution involves unusual research and complexity.

Hourly Fees: In addition to the foregoing fees, a fee of \$210 per hour for partners and \$160 for Paralegals will be charges for time spent in meetings with Village officials in the Village or elsewhere, for attendance at rating agency sessions, for working group sessions with the Village's financial advisor and its own finance team and for working on drafting and reviewing disclosure materials and any documentation which is required in connection with the negotiation by private sale of any Village obligations. **Our fee will not exceed \$10,000.**

For matters apart from the foregoing, including research, analysis and rendering of advice to the Village and attendance at meetings in connection with development proposals, new financing alternatives for the Village and review of proposals submitted to the Village relating to other than routine financings, we will charge the above hourly rates, subject to a maximum agreed upon fee for each other.

Disbursements. Disbursements for direct out-of-pocket costs, such as telephone calls, photocopying and facsimile charges, postage and courier charges, and travel costs, if any, will be billed to the Village in additions to the fees for services rendered. The above fee quotes are based upon our understanding of the scope of services customarily provided on the financing transactions. In the event that there is a change in circumstances which warrants significantly greater bond counsel services than which are normally required in connection with the types of transactions outlined above, we will contact you to arrange for an appropriate adjustment to the fee, in an amount to be agreed upon with the Village at that time.

The above fee quotes are based upon our understanding of the projects being financed and the Village's current needs. In the event that there is a change in circumstances which warrants significantly greater bond counsel services than which are normally required in connection with the types of transactions outlined above, we would contact you to arrange for an appropriate adjustment in the fee, in an amount to be agreed upon with the Village.

Billing and Collection Information

For services not associated with a specific financing transaction, such as review of proposals submitted to the Village relating to project development proposals and proposals submitted to the Village relating to other than routine financings, we will bill the Village periodically as such specific services are rendered. For services performed in connection with the issuance of bonds or notes, our fees are normally billed after the closing of each transaction. We will not submit an invoice for services until that time, unless there is a substantial delay in completing the financing or the financing is not completed.

Termination of Engagement

Either the Village or Kendall, Harrienger & Burrows may terminate this Engagement at any time for any reason by written notice, subject, on our part, to the rules of professional responsibility. No such termination, however, will relieve the Village of the obligation to pay the legal fees owed to Kendall, Harrienger & Burrows for services performed and other charges owed to counsel through the date of termination. After the completion of our services on the Village's behalf, changes may occur in applicable laws or regulations that could have an impact upon the Village's future rights and liabilities. Unless the Village engages Kendall, Harrienger & Burrows after completion of the Engagement to provide additional advice on issues arising from the Engagement or related matters, there shall be no continuing obligation to advise the Village with respect to future legal developments.

Conclusion of Representation; Disposition of Client Documents

Following termination of this Engagement, any otherwise nonpublic information the Village has supplied to Kendall, Harrienger & Burrows that is retained will be kept confidential in accordance with applicable rules of professional conduct. At the Village's request, papers and property will be returned promptly after receipt of payment for any outstanding fees and costs. Kendall, Harrienger & Burrows files pertaining to the matters worked on for the Village will be retained. These firm files include, for example, firm administrative records; internal lawyers' work

product such as drafts, notes, internal memoranda; and legal and factual research, including investigative reports, prepared by or for the internal use of lawyers. We will retain all remaining documents for a certain period of time but reserve the right for various reasons including the minimization of unnecessary storage expenses, to destroy or otherwise dispose of them within a reasonable time after the termination of the engagement.

Client Responsibilities

The Village agrees to cooperate fully with Kendall, Harrienger & Burrows and to provide promptly all information known or available relevant to our representation. The Village also agrees to pay in a timely manner our statements for services and expenses as provided above.

Kendall, Harrienger & Burrows looks forward to working with you and appreciate the opportunity to represent the Village as bond counsel. If you find the terms of this Engagement acceptable, please have the enclosed copy of this letter signed on the signature line provided below and return it to my attention. Please call me with any questions regarding the foregoing.

Very truly yours,

Dear Mayor Souva and Village Board Members:

Enclosed please find one (1) copy of Payment Request No. 3 for the above-referenced project for work done through July 26, 2024. The total amount of contract work and materials stored through the third payment estimate is \$64,300.00. A retainage of 5% has been withheld from the estimate per the Contract Specifications in the amount of \$3,215.00. The amount previously certified for the second payment application is \$56,002.50. Therefore, the total amount due to the contractor for the third payment is \$5,082.50.

At this time, we recommend that the Village approve and process the third payment for this Contract in the amount of \$5,082.50 to S.C. Spencer Electric, Inc.

Good morning,

I was able to gather additional information on the Copenhagen CDBG 2000-155 grant and hope this information can assist HCR with making a determination.

I have attached the following documents for the Copenhagen CDBG 2000-155 grant:

- 1st Draw Request: These documents have the summary of the award and indicate the CDBG contract would be between HCR and the Village with Snow Belt as the sub recipient. First Page indicates the total grant awarded was \$400,000.
- Copenhagen Handbook attached indicates some homeowners were offered a low interest loan in order to contribute to the project. Any deposits made to the municipal account should be either a repayment of that loan or to pay off the grant (sale of home before 5 year declining lien agreement was satisfied).
- Administrative Plan attached, in the Housing Rehabilitation Assistance section (pages 2-3), outlines homeowners/landlords may receive a Lewis County Revolving Loan Fund loan, and in cases of extreme need the County of Lewis would offer the homeowner a grant instead of a loan. According to the retired Executive Director, CDBG would have provided program funds for construction and revolving loans. The funds would have been returned to the Village and the funds could be used if they did not exceed the \$25k per fiscal year.
- Repayment 2000 CDBG pdf attachment is a copy of the repayment letters to homeowners and Copenhagen CDBG 2000-155 Loan Repayment excel sheet summarizes the recapture plan. The loan repayments would have gone directly to the Village of Copenhagen, so Snow Belt is not able to confirm the payments were actually satisfied, details on any deposits nor can we access any deposit related information. The total amount of grant funds loaned out were \$34,923.75 (with an expected 3% interest rate added, for a total loan repayment of \$38,459.88).

From my understanding of the documents and discussing the program with our retired ED:

- The revolving loan funds were provided by CDBG as a part of the project plan.
- If the funds were obtained because a homeowner had to pay back the grant in order to release the lien early to transfer ownership of the home then the State would only recapture those funds if there were more than \$25k returned during any individual NYS fiscal year (4/1-3/31).
- The balance remaining in the Copenhagen CDBG account is \$45,552.00; if homeowners all paid on time there would only be approximately \$7k per year, which makes it unlikely there were \$25k or more deposited within one year, but I cannot confirm that.

I hope this information is helpful.

Thank you,

Jaylyn Heames | Executive Director

Hello

Based on the information provided, it does not appear that the Village exceeded the program income threshold.

In order to close the matter, please provide a program income report, found here:

<https://hcr.ny.gov/system/files/documents/2024/06/cdbg-program-income-report-6.7.24-1.pdf>

In that form, the Village will list the amount that it is requesting to transfer to the general fund. It must be signed by the Mayor.
